## PROGRAM

---

Challenging, sharp, visual (and careless) music with a detailed and finely meshed soundscape. Polish Marta Sniady debuts from the Det Jyske Musik-konservatorium with a project consisting of four works, which she describes:

"Thanks to the ubiquitous internet it is extremely easy to maintain contacts, build communities and open borders. On the other hand, we have never been so lonely before, isolated we live the lives of others on the screen, as if they were our own. Are we living at all? Do we choose ourselves or are we controlled by the media? Are we satisfied with our need for closeness, love and affection, or do we cheat ourselves? Do we love or advertise? Are we really present or are we just an archive of likes and clicks? The four works represent four goals for achieving happiness: health/beauty, fulfilment/success, social connection/love, pleasure/ego."

### **Marta Śniady:**

- in the pink, for marimba, audio playback and video.
- YOUR ONLY LIMIT IS YOU, for two performers, audio playback and video.
- you make me feel so brand new, for voice, sampler, audio playback and video.
- probably the most beautiful music in the world, for voice, sampler, bass clarinet, cello, percussion, audio playback and video.
